# SITHUTHUKILE TRUST

Empowering adults for children lifelong learning

2018 and 2019 have been remarkable years and 2018 marked the Sithuthukile Trust 30<sup>th</sup> Birthday, it has been an exciting and prosperous year.

## Grateful

Sithuthukile Staff continues to empower the community by showing dedication, passion and commitment, ensuring all the duties are carried out according to plan. We are confident that Sithuthukile Trust will continue in ensuring that the National Early Childhood Development policy is being implemented.

**"Coming together is a beginning. Keeping together is progress. Working together is success."** --Henry Ford

### DID YOU KNOW?

Children think and reason largely in the same ways as adults. But, they lack experience and are still developing the ability to think about their own thinking and learning (metacognition) and to regulate their own behavior and interactions. They need diverse experiences in the classroom to help them develop these self-reflective and self-regulatory skills.

After so many years it has been our dream to have our own training center, and the dream finally came true. Sithuthukile Trust role-model Pre-School and training center is now operating, the center is also used to accommodate a non-centre based programme.

Our work is only made possible thanks to the incredible generosity of our donors and board of Trustees. 2019 we still looking forward to be a reinvigorated organization, so let's join hands, journey with us because together we can make a difference to the lives of the little ones.
